I like this game, nothing like searching for lost items. Considering this game is basically a dollar, you get alot more with what you paid for. Open fields to search and a creepy forest. Yes this game is short, but again, it cost almost nothing for this game. I like the detail used in the water, tree's and fog. Thanks team Borov, Sashka Shlapik A+

<https://www.youtube.com/watch?v=tcQFpRbOHiQ>. reminds me of Slender but without the Slender man xD Rubbish "game" the premise is to collect 5 Bibles from around the small map. its a little creepy but not scary and as nothing ever happens. So do not buy this game. do not give these people your money for 3 mins of suspense and 7 mins of boredom.. This game is ok. only bad thing is the camera omg.... I'm getting motion sickness right after 10 minutes of this game. So I said to myself fawk this. I'm not gonna look for those damn books.

Here's a clip of my game play <https://www.youtube.com/watch?v=cSla2JtCcHM>. Really not much of a game. All the books are incredibly easy to find: I found them all and finished the game in 12 minutes. Good thing I only payed a dollar.. Don't buy this game unless you want 13 minutes of boring. motion sickness enducing gameplay.

The sound is also REALLY repetitive after you realize it's the same 5 second clip repeating over and OVER.

Imao just found these 5 books in 15 minutes and the game just over
